Floor Maintenance Services by Cleansweep

Bring the sparkle back in your life by hiring Cleansweep for stripping, sealing, waxing and buffing of your floors. This service is offered for marble flooring and vinyl tiles in Bangalore, Kolkata and NCR region.

Floor stripping, sealing and polishing / waxing - over time due to wear and tear, your floors may lose much of their gloss. When this occurs, we strip the existing polish / wax and sealant (as applicable) and undertake a thorough cleaning of floor. We apply new sealant and polish to bring back lustre to the floors.

Scrubbing and wax/polish - sometimes your floors look dull and need a good scrub. We use a machine scrubber followed by a coat of wax and finally buff the floor. Buffing the floor helps to restore shine, remove scuff marks and spread the wax evenly.
